

THE MYSTERY OF COUNT LANDRINO

BY FRED WHISAW

COPYRIGHT 1899 BY THE AMERICAN PRESS ASSOCIATION.

(Continued.)

"But your informant probably invented this new thing in order to gain an extra reward—5,000 rubles. Graciosa heaven! What! He would not say my man told for such a sum of money?"

"Well, telegraph and let your fellows know whether the thing is lie or truth. You can't detain me here, if you like. If it should prove that my informant has not lied, why, then, he will have done you a signal service, and you will not regret allowing him to escape from the country, on condition that he leaves a written deposition."

"I will telegraph at this rate," said the chief, who, in spite of his bullying air, put on by way of covering his uneasiness to find that so serious a matter as an attempt at the car's life should be in actual preparation without his knowledge, was obviously agitated and far more inclined to take us seriously than he had been yesterday or at the commencement of the interview.

"If you will sit down, both of you, and not waste time," he continued, "I will have this matter set going at once. We can settle the question of the informant at a later stage of the inquiry; there may be nothing in it."

He left Borofsky and me seated in his private office and departed.

"We shall look for a pair of fools if the police find the whole thing to be a man's nest," said Borofsky. "If the little villain has lied to us, we need have no mercy. Let the authorities have it, if they want him."

We waited a quarter of an hour, occasionally exchanging a remark or so, but mostly sitting silently, each preoccupied with our own thoughts, under a starling thing happened.

An attendant appeared and informed that a gentleman named Count Landrino, young Count Landrino, he was down stairs. Would I interview him here? He must see us alone, he said.

A minute or two later Percy burst into the room. He looked pale and agitated, terrified—it seemed to me—as though he had just been scared by some apparition.

"A fearful thing has happened," he began the instant his head was in the room. "Heaven only knows what it means. I went over to the lodging we took for the student to see that he hadn't escaped, and so on."

"Don't say he has escaped," I said. "It would mean that he had lied all through."

"He's dead!" muttered Percy. "Murdered! He's lying there at this moment with the knife in his heart—a fearful sight. I thought I'd better go on here and tell you about it at once."

CHAPTER XXXII

THE COUNT'S MURDER REVEALED.

The chief of police entered the room at this moment. He glanced keenly at us.

"Who is this?" he asked.

It was Borofsky who told him the news, as for me, I could not have spoken. There was a horrid kind of paralysis—the spell of horror—upon my tongue. I could have yelled aloud, but to speak quietly and easily would have been impossible to me.

"What?" exclaimed the chief, when Borofsky had explained, in a sentence or two, the position of affairs. "The informant? He whom our friend here has desired to screen? Would information of the railway affair?"

"The same," I replied. "Man proposes, excellence, but it is God who disposes in the end!"

"But," said the chief, "it looks like murder. Moreover, my young friend, matters seem to weigh in your favor. Come, you shall show us this student. When we return, there may be news from Borofsky!"

I am sure the reader will excuse if I beg to be allowed to pass lightly over the night we found awaiting us at the little lodging hired for the use of our ill-fated informant.

It was a plain, barely furnished bedroom, with a tiny kitchen attached. Upon the bed lay the student dead, as Percy had reported, and obviously murdered, perhaps while asleep. The knife I saw at once, to my horror, was a Cretanian silver handled dagger belonging to my father's own, but at least have a knife of his own, I felt.

When it comes to politics, Pennsylvania is positively hoarse—Indianaless.

A politician says the result of an election depends on whether a candidate chews gum with the right or the left hand, or "Good Bay," Chicago News.

The report that a colonial bureau will be established, as soon as congress adjourns, it will undoubtedly make a profound impression on the minds of numerous office-seekers.—Detroit Journal.

A public sentiment which demands that justice must be done, and that corrupt acts at elections must be held in a severe category as corrupt acts in business life is absolutely necessary.—Nashville American.

The chief directed one of the two subordinates he had brought with him to search the dead man's pockets. These did not contain much, but among the papers discovered were my two checks for \$500 and \$1,000.

"Ah!" said the chief. "Then it is an execution."

"Could the count—real or impostor—have learned that this unfortunate had informed upon him?" he asked, looking from me to Borofsky and then at Percy. "If so, this murder assumes a significance which."

"Most assuredly," responded Percy. "In about five minutes I shall be able to tell you the whole story."

"I am sure you will," said the chief, "and I shall be glad to hear it."

GENERAL FRENCH'S STRATEGY

Caught the Boers and Gave British the Coleridge Victory.

The British Loss Very Small—Col. Picher's Next Achievement at Sunnyside, London, Jan. 3.—(4.45 a.m.)—Although the continuance of minor successes stratifies the British public, it is not forgotten that the larger aspects of the campaign are unchanged. As The Daily News remarks: "It is a day of small successes."

The importance of both General French's and Col. Picher's victories lies in the effect that they have had to have upon the colonial Dutch. The latest despatch from Durban, containing the news of the Boer defeat, has been received by the Boers, who, on the arrival of the news, probably on invitation, to throw in their lot with the Boers, thus turning loyalists, who are now jubilant.

Canadians Seem to be Coming Out

Gen. French Will Get His Reinforcements—Boers Trying to
Conceal Their Losses, Which Are Serious.

(OTHER DESPATCHES ON INSIDE PAGES.)

Starkstrom, Jan. 3.—General Galt-
acre to-day met the invading forces at
Cyphar, near the British ad-
vance camp at Bushman's hook. The
Boers retired hurriedly soon after the
British artillery opened fire. The
enemy occupied Molteno and Cyphar-
gate to-day, but the latter place is
now recaptured by the British.

Frere Camp, Jan. 4.—Capt. Thorny-
croft's patrol found the enemy in some
force at the Little Tugela bridge.
Their presence was discovered by
accident. It is reported that five men
and a lieutenant of the party have
not returned.

New York, Jan. 4.—A Kimberly des-
patch to the Herald, dated December
29, says that pains are being taken by
the Boers to conceal their losses in the
recent battles, that at Jacobabad
there are at least two hundred and
fifty. There is a full hospital at
Johannesburg, another hundred attached to
the camp at Olanifant.

Belmont, Cape Colony, Wednesday,
Jan. 3.—Col. Picher, it is officially
announced, being only on a raiding
expedition, and for military reasons
being unable to occupy Douglas, per-
manently, has evacuated the town,
leaving off all the loyalists.

He has now returned safely to close
proximity to Belmont.

When he announced the necessity of
evacuating the place the inhabitants
of Douglas declared their lives were
not worth five minutes' purchase after
the troops left.

Col. Picher therefore invited them
to accompany him to Belmont.
The preparations were speedily completed,
but the vehicles of the town were to-
tally inadequate to convey the refu-
gees, so the troops gave up the trans-
port wagons to the women and chil-
dren.

The Canadians acted as an escort
to the refugees, and carried babies for
the women and kept everybody lively
by singing as they marched, pluckily
along in spite of sore feet occasioned
by the heavy sand. The force received
Gen. Buller's congratulations on the
success of the expedition with great
satisfaction.

WHAT PEOPLE ARE SAYING

That the Belleville Hockey team cut
a good deal of ice last night.
That the man who wants the earth
is always the first to growl about his
taxes.

That General French's victory seems
to be lacking in one or two very
essential points.

That it is pleasing to note that the
Canadians helped to bring about the
Sunnyside of the war.

That the Belleville boys who have
gone with the second contingent
will have their own "Absent-minded
Beggars" are.

That a civic sale is being made up
on the quiet. Following is said to be
the composition of it: Chairman
of Executive, Ald. Chown; Chair-
man of Public Works, Ald. Griffin;
Chairman of Market, Ald. Pantier;
Chairman of Fire, Water and Light,
Ald. Stirling or Clarke.

That the people in the two "orphan"
wards are growing because resi-
dents of other wards put in so many
"plumbers." Meanwhile the residents
of Coleman ward are laughing gleefully
and saying to the "orphan" wards:
"We can point to the exact portion of the anatomy
in which you have put your heads."

That Toronto people are showing their
loyalty in great style nowadays.
They have furnished 173 men for the
second contingent. It seems they
had to turn large numbers of
applicants away, and between the
swearing in of the candidates who
are going and the swearing of the
candidates who want to go but
can't there was quite a bit of excite-
ment in the Queen City.

That the programme for to-night's
concert at the City Hall, in aid of the
Patriotic fund, is a grand one.
It appears in another column. There
will probably be a vast number of
young, gentle readers. Go and have
a rare evening's enjoyment and in-
cidentally show your pride in your
fellow townsmen and help along a
good cause.

That the School Board, at their first
meeting in the new year, should
take some action in regard to a
master which some people consider
very important. They say school children
must attend the school in their own
school district. This we are told
is honored more in the breach than
in the observance. It is the general
custom to turn over to the new year
the beginning of the year. Perhaps
the members of the Board of Edu-
cation might find it good money
people if they saw that the regula-
tion above mentioned was put into
practice.

IT WAS BELLEVILLE

ALL THE WAY.

Peterboro Hockeyists Defeated in a
Fast and Exciting Game.

A goodly number of spectators were
at the rink last night to witness the
hockey match between teams repre-
senting Belleville and Peterboro, and,
to sum the matter up, they saw some
excellent individual play but not a
great deal of combination work. The
play for the most part was fast and
exciting, there was a good deal of
dashing work and many pretty runs,
and, judging by last night's play, the
best team won. The friends of the
local team were very agreeably sur-
prised at the showing made by their
men, who have reason to be proud of
their success against a team like
the Peterboro, which has more than
a local reputation for playing clean,
fast hockey. The Peterboro men are
good stick handlers, and fast skaters,
but their principal defect was that
one which, in fact, lost them the
game, was that they lacked the dash
which characterized the Belleville
men—they seemed to be afraid of tak-
ing chances in a scrimmage. Not so the
Belleville boys. They never stood off
waiting. Wherever the puck was
they were after it hammer and tongs
—and they won by sheer pluck and
perseverance.

At the end of the first half the
score stood 7-2 in favor of Belleville,
and things looked bright for the lo-
cal men, but the friends of the Pe-
terboro team said their men were good
finishers and they had not yet given
up hope. It began to look as though
Peterboro was going to make a re-
vival, for in the second half they
scored two goals in quick suc-
cession and were playing faster than
the local men. Then a Peterboro
man had to go to the dressing room
to fix his skate, and while he was
the Belleville men got together and
hatched a conspiracy, which turned
out successfully and completely set-
tled the Peterboro boys' chance. When
the play began again McGuire drew
the puck and passed it behind where
Belleville man got it and started
for the Peterboro goal like a blue
streak, and almost before you could
work your eye a goal was scored. This
trick was worked successfully three
times in less than a minute, and by
the time the visitors got out of the
match was irretrievably lost to
them, and it was all over but the
cheering.

One very agreeable feature of the
match was the good feeling which
marked the whole proceedings. Not
one unpleasant act was to be seen.
Lalig, of the Belleville, got a
clip along the head once, but it was
not serious, and a minute or two
later he was pluckily resumed.

Following were the teams and their
positions:

Belleville	Position	Peterboro
Winchester	goal	Comstock
Wallace	point	Shover
Brown	cover-point	Davidson
Laing	for-	L. King
McGuire	for-	H. King
Dukin	wards	Gray
Emory		

The officials were: Dr. D. D. Gold-
smith, referee; J. M. Bell, goal um-
pire for Peterboro, and E. W. Holton
for Belleville.

Following was the score:

First Half	Peterboro-2
Belleville-7	

Second Half	Peterboro-4
Belleville-6

NOTES.

The next scheduled match between
these teams is on Wednesday next,
10th inst., at Peterboro.

The visitors took their defeat philo-
sophically, and remarked that they
would endeavor to turn the tables on
our boys at Peterboro next week.

THE MYSTERY OF THE COUNT OF LANDRINO.

BY FRED WHISAW.

Copyright 1899 by the American Press Association.

(Continued.)

This was easily effected, because the

gendarme and soldiers were already

in all towns along the route to

be taken by the car, in readiness to

the railway 24 hours before the

imperial train should pass along it.

This precaution was constantly taken

at the time of these events, in conse-

quence of the activity of the enemies

of order, who nevertheless contrived

occasionally to make their preparations

in spite of the tight cord of protectors

stretched for hundreds of miles through

the country.

The squad of gendarmes had, in this

case, ridden straight to the spot where

the informant and detective in the

telegram from headquarters. Here they

had surprised a woman taking his

midday meal within a room which

invited this individual to show them

where the entrance to the excavations

which had been found to be made to

be found by had fired a revolver in

their faces, wounding two men before

being himself overpowered. They had

then removed his bed—a mere straw

mattress on the floor of the hut—and

discovered a nest tunneling thence

and running under the line, 15 or

20 yards away: a beautiful con-

structed thing and easily adapted

for carrying out the purpose for which

it was made—namely, to blow up the

permanent way and with it the

tracks that might have been used to

the rails at the moment of the explosion.

The chief crossed himself as he read

the telegram and made a wrong, in

which sounded like a line out of the

litanies.

"Your little rascal spoke the truth,"

he said. "Upon my word, he made a

very interesting note to catch this other."

"Don't wait to catch him, excellence,"

the gendarme said, "he has been

by the chief of the car—Count Land-

rin's release."

The chief reflected. "It is most un-

usual," he said, "to do anything of

kind. How can we let them go when

we have the other to put in his place?"

Lest myself to the chief. "What did I

care for the high mission of the official

"I will go to the car himself," I

replied. "I will tell him that the same

Smash-Up Near Brockville.

Trains going east over the G.T.R. yesterday afternoon were considerably delayed owing to a pile-up, which occurred near Brockville. The accident happened about 9:10 o'clock in the forenoon, and was caused by a freight overhauling and crashing into another, blocking the line. A number of cars were smashed, but fortunately the hands escaped injury.

WOMEN'S SECRETS.

There is one man in the United States who has perhaps heard more women's secrets than any other man in the world. His country, these secrets are not secrets of guilt or shame, but the secrets of suffering and of the heart. He is Dr. R. W. Pierce in the hope and expectation of advice and help. That few of these women have been cured in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, a practical cure thirty years, it is phenomenal, and entitles Dr.

Dr. Pierce by letter, absolutely without charge. Every woman's letter which contains her secret, remains her secret. It is read in private, answered in private, and its contents guarded as a sacred confidence. That no third party should enter into this secret, all replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, and sent by express. Write without fear as usual, and we will send you our medicine free of cost. Address, Dr. R. V. Pierce, Buffalo, N. Y.

CANADIANS IN AFRICA.
 10 Canadians in Canada Are Both Doing Their Duty For Their Country and the Empire.

Belmont, Cape Colony, Wednesday, Jan. 3.—Colonel Plicher, it is officially announced, being only on a expedition, and for military being unable to occupy a regular post, has been evacuated to town, bringing off all the loyalists. He has now returned safely to the proximity to Belmont. When announced the necessity of evacuating the place, the inhabitants Douglas declared their lives were

The troops left. Colonel Pilcher and the volunteers left to accompany the refugees to Holmest. The preparations were speedily completed. But the necessities of the town were totally inadequate to convey the refugees, so the troops gave up the transport. The women and children, accompanied by the men, were taken to the shore by the boats. The Canadian soldiers acted as an escort of the refugees, carried babies for the women and kept everybody lively by singing and shouting. They marched pluckily through the snow in the face of a blizzard by the heavy sand.

The force received General Buller's congratulations on the success of the expedition with great satisfaction.

Toronto, Jan. 6.—Notwithstanding an announcement that recruiting had ceased and that the whole of the land contingent, including both the United Infantry and artillery, had been raised, men continued to offer themselves as recruits at Stanley barracks yesterday. In fact, the number that applied for permission to enlist exceeded that of any other day. Lieut.-Col. Keeton, as a result, had to refuse nearly one hundred men, all of whom looked as if they could pass the stiff medical examination easily.

TINY TIM.
How many of you have spent a doleful hour with Dickens' little "Tiny Tim"? He pleased us because he was for ever helping, or ready to help some unfortunate.
Dr. Hall's TINY TABLETS are doing exactly the same thing. They are helping thousands of unfortunate nervous, broken-down people to get strong.
One little TINY TABLET after each meal and before retiring will give you new life. If you feel tired—IT'S NERVOUS!
A Carefully Prepared Pill. Much time and attention were expended in experimenting with the ingredients that enter into the composition of Parmenter's Vegetable Pills before they were first offered to the public. Whatever other pills may be, Parmenter's Vegetable Pills are the result of much experience, and all persons suffering from dyspepsia or indigestion and kidneys may consider them a blessing to be used when they are represented to be.

A Successful Medicine. Everyone who takes it to be successful in any undertaking in which he may engage. It is therefore, extremely gratifying to the proprietors of Parmenter's Vegetable Pills to know that their efforts to compound a medicine which would be a blessing to mankind have been successful beyond their expectations. The endorsement of these Pills by the public is a guarantee that the pill has been produced which will fill everything claimed for it.

NATHAN JONES

All Eyes on Gen. Buller.

Much Dissatisfaction Expressed at His Inaction.

The Queen Sends Her Thanks to Ladysmith's Defenders—Praise For the Colonial Troops.

(OTHER DESPATCHES ON INSIDE PAGES.)

KILLED A DUTCHMAN.
London, Jan. 9.—It is announced in a special despatch from Amsterdam to-day that an uncredited rumor is current there that a British cruiser has fired upon the Dutch cruiser, *Prieland*, near Delagoa Bay, and that a Dutch officer was killed.

ANXIOUSLY WAITING FOR NEWS.
London, Jan. 9.—Further news of General Buller's victory is anxiously awaited, as it is generally realized to-day that there was little warrant for the exultation which, perhaps naturally, followed the announcement of his repulse of the Boers when the country had braced itself to hear the worst.

The remarkable resolution in Boer tactics has been another complete surprise to the British who had not reckoned on the weakened garrison of Ladysmith being subjected to such a courageous assault, and it is realized that Gen. White's troops cannot be expected to prolong to any great extent such an arduous defence. In some quarters it is considered unaccountable that Gen. Buller did not press his attempt to effect a passage of the Tugela River while the Boers were engaged northward, and the comments on his failure to do so are not very complimentary.

From the Boer headquarters it is reported that Gen. Buller is constructing a subsidiary railroad from the main line to Colenso, and is in the direction of Polgorters Drift. Advice from the Modder River says the Boers continue to extend their works, and it is estimated that 30,000 are required to defend them.

The prisoners captured by the Canadians and Queenlanders at Sunnyside are going to Cape Town for trial as rebels. The Canadians expressed intense indignation on learning that the prisoners were British subjects. The colonial troops continue to earn warm praise on all sides, the latest example of their effective work being contained in the despatch in the London Times, dated Jan. 6, from the Modder River, and cabled to the Associated Press.

THE WAR SUMMARY.
The positions at Modder River and in northern Cape Colony remain unchanged. A report that General Buller had crossed the Tugela, defeating the on-coming and capturing twelve guns, is not confirmed. The Canadians and Queenlanders at Belmont have been so active that the whole district is cleared of the enemy, and the papers captured in Col. Picher's raid on Sunnyside reveal a widespread conspiracy in that section.

Cheap Lines of Underwear.
The Oak Hall are selling two lines of underwear that are worthy of special mention. For only 25c they give you very fine striped union, will wear well and not shrink. Then at 37c, etc. we give you very fine all wool goods such as we sell all over at 50c.

Nearly a Costly Blaze.
This morning whilst a stonemason was making some repairs to a stove in the Oak Hall, he had a fire in the stove, and in a second the burning fluid spread upon the floor. A garment was thrown upon the blaze, smothering it. The damage done was slight.

Not Yet Recaptured.
The lad James Serrano, who yesterday escaped from a police officer whilst being brought from the court room to the cells, is still at large, but the officers believe that he will soon be behind the bars.

"What's in a Name?" Everything, when you come to medicines. When you get Hood's Sarsaparilla you get the best money can buy.

Rheumatism Cured in 4 Hours.
Mr. H. E. West, Water-rent, Vancouver, writes: "I have been suffering from a very painful attack of Rheumatism in my right shoulder, and could not attempt to raise my arm, so great was the pain. A friend procured a bottle of Griffith's Menthol Liniment, and in less than four hours the pain entirely left me, and I have not returned. It certainly is the greatest pain reliever. 25 cents by all druggists."

An Unusual Shirt Event.
We have just received from Troy, N. Y., "the greatest shirt manufacturing centre in America," sixty dozen colored shirts. These goods are of the choicest spring patterns, are made with detachable cuffs and have that perfect fit for which the Troy shirts are so well known. We offer you your choice of the entire lot which are one dollar values for 50c each. Don't pass up this buying day, as the shirts are cleared out in a few days. All sizes from 14 to 16. See display in window.

NEWS BOYS WANTED.
A Mr. Marsh is retiring from the newspaper delivery business on Jan. 30th. The Intelligencer will, after that date, go back to the old system of having the paper delivered by carrier boys. Boys wanted to canvass every street and ward in the city, hunt up their old customers and look for new ones. Boys report at this office. Delivery to commence January 22nd.

FROM DE AAR.

Lieut. G. G. Hulme Writes to Relatives in Belleville.

Complimented by Col. Otter—Canadians All in Good Shape—Writing Under Difficulties.

DeAar, December 4.

Dear Father and Mother,—Sent paper to-day and have a few minutes to spare so will write. We are at present 800 miles from Cape Town and have to-morrow for Kimberley. Our camp here is not very pleasant, and the storms and heavy winds cause the sand to blow and sometimes you can't see three feet ahead of you. We are all well and look forward eagerly to our work which we expect to be very heavy. On our way up here we passed the hospital train, with the wounded section from Modder River. A sad sight, but they all are anxious to return to the front as soon as possible. We had a pleasant stay at Cape Town and had photos taken. Lieut. Powell is going to send them to Colonel Ponton for us, and you are to have three of them. I have not seen them, but hope they will be good. Ask Col. Ponton to put his in Clarke's window for a few days. Perhaps some Belleville people would like to see them. At present I am writing on a box, so excuse it. Tell Col. Ponton I will write him when we get to the firing line. I hope you will hear all about us. I hope before you receive this, and hope our work will be well done. Give my love to all dear friends. This morning at 6 I had a section out for skirmishing, and Col. Otter complimented me on my instruction. We do not see our officers very much, but find them very fine fellows. Good-bye again, with best wishes for Xmas.

G. G. HULME.

WHAT PEOPLE ARE SAYING

"Why don't you put some ashes on your sidewalk?"
That is a great year for blue Monday—fifty-three washdays in 1900. How many more "glorious victories" of that sort can Gen. White stand? That the expected has happened. Gen. Joubert has been seriously wounded again.

A BREACH OF NEUTRALITY.
The London Times' correspondent at Lorenzo Marques cables that although there is no guarantee that Transvaal gold is of standard value the Portuguese government compels local banks to accept it as legal tender at the same rate as British sovereigns, thus giving the Republic every facility for extensive transactions here, and remitting money to Europe. Continuing the correspondent says: "It is questioned whether the Portuguese action is not a breach of neutrality."

GOING TO PRETORIA.
The latest news from Bloemfontein says the officials there recognize that they must evacuate the town at an early date and are securing houses at Pretoria. It is also announced that the hospitals at Bloemfontein and elsewhere are packed with wounded men.

CAPT. MCGUINNESS WRITES
To Some of His Old Comrades in the XV. Battalion—Interesting Information.

A letter received from Capt. McGuinness, acting Adjutant of the XV. Battalion, who is at present in England, states that he has been made manager of the British and European Produce Company at Liverpool. He states that Canadian eggs and butter are in demand in the old country. One house there sells on an average per week, \$40,000 worth of eggs. The Canadian Creamery butter is in good demand and sells at a price almost equal to the best of the English. The trade of Canadian poultry was very brisk and the stock is well cleared up. The Adjutant in speaking of the war says all are anxious to hear the news. He hoped the Belleville boys would all return home and do honor not only to themselves but the old town.

Killed in Toronto.
(Special to The Intelligencer.)
Toronto, Jan. 9.—Captain Campbell, Chief of Police, after the battle of Randsburg, the Boers were furious because the Boers fired on the ambulance corps, and the letter said: "We charged three times with the bayonet and my gun was covered with blood and mud. Lieut. Campbell Cunningham was shot and had to sit down, but he called to his men: 'Forward, Gordon; the world is looking at you, give it to the boogies; exterminate the vermin.'"

That kind words are very gratifying, and so are good results. Our subscribers are coming in in crowds to renew, and they all say a kind word for the old Intelligencer. Incident.

FOUGHT ALL DAY SATURDAY.
But British Pluck and British Bulldoggedness Won the Day.

Gen. White Reports Desperate Fighting at Ladysmith—Vogel's Men Killed by the British and Finally Killed. Boer Losses Greatly Exceeded Those of the British. Fourteen Thousand Troops for South Africa.

London, Jan. 9. — (3.30 a.m.) — Gen. White still holds out, or did so sixty hours ago. When the Boers, cut off from their food and water supplies, suspended their assault at nightfall, England has taken heart. The situation, however, is still causing anxiety. The beleaguered force must have expended a large amount of ammunition, which cannot be replenished, and must have lost a number of officers and men, as well as counterbatteries, so far as the garrison is concerned, by the greater loss of the Boers.

The reinforcements at Ladysmith, as described in a message that left a day or two before the Boers' assault, have just come through, are fortified hills, well covered with rifle-pits, and the Boers' position is now a very difficult one. The reinforcements moved in single file to the various points in absolute safety. Full reports of the day's work, but no white ink of the Boers.

Mr. Spencer Wilson, in the Morning Post, points out that there is one division only at Chevelon, another at Pretoria and a third at Eshowe. As Chevelon is some miles from Colenso the second division would have to march 12 miles to get to the Boers, and the third division would have to march 30 miles to get to the Boers. Mr. Wilson's point is that the Boers are in a very difficult position, and that the British are in a very strong position.

Lord Dufferin, in the Morning Post, returns to his arrangement of the War Office for the inferiority of the Boers. He says that the Boers are in a very difficult position, and that the British are in a very strong position. He says that the Boers are in a very difficult position, and that the British are in a very strong position.

Afternoon Despatches.

The Intelligencer's afternoon despatches are twelve hours in advance of the Toronto morning papers.

Must Know Reason Why.

Stormy Times in Prospect For The Salisbury Government.

Press and Public are in a Dangerous Mood—Nothing Received Lately From the Seat of War.

(OTHER DESPATCHES ON INSIDE PAGES.)

London, Jan. 10.—The plight of British arms in South Africa is overshadowed for the present by the storm which is bursting over the head of the Home Government. The Manchester speech of Mr. A. J. Balfour, the Government leader in the House of Commons, has loosened such a torrent of criticism from the press and individuals of his own party, that it is doubtful if the Government would retain power in spite of their tremendous majority of the past session. The pastur dissatisfaction with the Government's lack of energy in waging the war is no longer concealed. When such ardent Conservative papers as The Times and Globe come out boldly with reproaches, there is no knowing where the agitation will end. The Provincial press has already taken up the cry. For the moment Mr. Balfour is the scape goat but there is a terrible risk in picking for the Manxman of the Times. The Salisbury and other cabinet ministers will not escape unless a wonderful change comes over the war situation. A representative of the Associated Press learns that the Conservative leaders privately admit the gravity of their position, but fail to see what can be done. In the meanwhile they hope that successes in the field will abate the popular clamor. Some of the Conservative papers go so far as to regret the extreme age of the cabinet ministers, and refer to the cabinet as a body of patriarchs. Under these circumstances it is doubtful whether events transpiring between it and the reassembling of parliament will be powerful enough to restore confidence in the government and maintain its majority. There is important alternative that Lord Lansdowne or Lord Wolseley may be sacrificed. A representative of the Associated Press learns that Lord Wolseley not only disapproved of Lord Roberts' appointment to the chief command of the British troops in Africa, but showed his disapproval to be generally known, and that it is a fact that he has been talking of resigning his position in this respect until the cabinet is dissolved.

Holton was Chairman, Aid Church road, the scripture lesson, and addresses were delivered by Rev. W. O. Watch and Mr. W. H. Gordon. The subject was "Humiliation, nations and rulers." Miss G. Guire was present and rendered most acceptably a solo. The meeting will be held at the same place this evening.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was all most yellow, eyes sunken, tongue coated, pains continually in my back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up, and I was a friendless, dying man. I was in a most dreadful condition. SUFFOCATED BY SMOKE

Sad Death of a Former Belleville Lady.

Was a Member of a Well-Known Family—Deceased Was Born in Strling, Ont.

Universal regret was expressed on every hand to-day when it became known that the streets that Mrs. M. J. Jellet, a former well-known Belleville lady, had met an untimely death at New York, by being suffocated. The sad calamity occurred yesterday morning, the home of Mr. Joseph Pulitzer, at 10 and 12 East 55th st., New York City, being destroyed by fire. From the despatches it is learned that the body of Mrs. Jellet was found on the third floor after the fire. One of the servants, who escaped over the roof, said that he saw Mrs. Jellet on the roof at the time. He presumed that she went back for a bag, which was found clutched in her hand when her body was found.

Mrs. Jellet lived for many years in Belleville. Before her marriage her name was Miss Sarah Bull, daughter of the late Mr. Geo. E. Bull, of Strling, where she was born about 52 years ago. She married Mr. Morgan Jellet, barrister, of Belleville, who was a brother of the late Judge Jellet, of Pictou, and a nephew of the late Provost Jellet, of Trinity College, Dublin. In 1884 Mrs. Jellet moved to Toronto with her family, and in 1892 went to New York to take possession as private secretary and companion to Mr. Pulitzer. The deceased leaves a family of two children—a son and a daughter. The son, Mr. Morgan Jellet, is a member of the "Traders' Bank staff, Toronto, and is well known in athletic circles. The daughter, Miss Jellet, is attending school in the city and resides with her mother.

The remains were today forwarded to Toronto, where the interment will take place.

WHAT PEOPLE ARE SAYING

That Britannia is still Mistress of the seas.

That it would be a good thing for people who want to crack a joke to choose some other subject than the Boer war.

That if some of the members of the second contingent look like their pictures in the papers they should be presented with false faces.

That the prosecution of the war depends on the plebeian Boers now, because you see Gen. White captured the 400 at Ladysmith.

That a little sand or ashes sprinkled on the sidewalks would have added very much to the comfort of people who were compelled to walk on our streets to-day.

That hostilities have begun in Canada. Every day our exchanges contain accounts of their sympathies getting thrashed. The temper of the average British is short these days.

That many friends of our worthy Mayor will be pained and saddened to know that his reputation as a public man stands in grave danger. The Senior Grit said actually praised him last night. His words were: "He is a man of great ability. Whether he can survive his praise is a doubtful question."

That they have evidently got the correct measure of the Fenians in Chicago. Writing to a friend in Kingston a citizen of the Windy City says: "The Fenian talk is all rot; it's too funny for a comic almanac. Our own production of surplus food from cheap Irish politicians has not strength enough to fire a little red rubber balloon."

That there must be real good stuff in the Canadians. Of course, we all knew they would do their duty when they got to the front, but there are not many soldiers, regular or volunteers, either, who would cheerfully keep a stiff upper lip under conditions like the falling of a quoit from an exchange. "The" were bundled together like cattle in a cage. They were about of water during the night, and at night the men had to sleep in an almost air-tight compartment with the thermometer ranging at 120 degrees. We are not talking about whose fault it was, but when the time comes to settle up with the boys that will be another point in their favor. They are the real thing. Not a doubt of it in the world.

DO YOU KNOW?

Which piano in the City needs tuning the most?

Which one of our policemen could make the quickest time in a foot-race?

What has become of Col. Sam Hughes? He seems to have been lost in the shuffle.

How many of the old veterans would go to the front if they would be accorded?

Why boys find snow-bowling as much harder work than playing hockey?

When the Board of Education is going to see that all its regulations are enforced?

Why people will patronize Chinese when they can get their work done by white people?

Why young fellows will stand on the footbridge and block the way when there's plenty of room elsewhere?

SPORTING.

CURLING.

A largely attended meeting of the curling club was held last evening. A competition was received as to the forming of a league composed of the two Kingston clubs, Niagara and Belleville playing home and home matches. It was decided to enter the league and a trophy will be played for. Messrs. W. H. Biggar and E. Dolan were appointed skippers for the district cup matches.

Many Popular Officers Killed.

London, Jan. 12.—Apart from the
finite news that Gen. Buller has
advanced a second attempt to cross
the Tugela River the only official
news this morning was the list of
casualties among the British officers
in the fight at Ladysmith on
Sunday, Jan. 6th, showing 13 killed
and 27 wounded, among the latter
Lieut. Col. William Henry Dick-
son, V.C., Commander of the Sec-
ond Battalion of the Gordon High-
landers, who has since succumbed to
his wounds. He was immensely popu-
lar everywhere, and his death will
be widely regretted.

Probably a Plank Movement.
Gen. Buller's movement obviously is
of a flanking character, but whether
it is intended to push the advance
on or whether his operations are
only a feint to cover an attack in
front the Boer position at Peas-
ant Mountain remains to be seen.
Seized Gen. Roberts' Sanction.
Smagfield, from where Gen. Bul-
ler's despatch was sent, is 16 miles
west of Peasant Mountain.
Latest news from Springfield was
that was held by the Johannesburg
correspondent Gen. Ben Voljoen, and

His Lacks Confirmation.

It reported that General Buller has gained a great victory, but no confirmation
has been received.

WHA PEOPLE ARE SAYING

That the people like "old-fashioned
wink" should be happy just now.
That of the most distressing rumo-
r about this cruel war is the one
which says that British troops en-
gaged each other by mistake in the
pneumonia. It is terrible to
think.

That the latest story of Oom Paul
is quite characteristic of him. He
is reported to have asked Joubert
why he didn't take Ladysmith if he
wouldn't let him. "Never
mind," said the old President,
"put it free States in front."
There's nothing small or trivial about
Oom Paul. He wants his
neighbors to get their fair share of
the glo.

That Brin's great generals have
arrived; the great of war, but
it may well for people to remem-
ber that the age of miracles has
passed out, and that the world is
patiently waiting for the day when
the combined output of his mills is at
present estimated at 8,300 barrels of flour
a day. He was a Presbyterian and a
Conservative, being widely known as "a
man of unflinching perseverance and
energy."

A Thousand Tongues
Could not express the regret of Annie E.
Spicer, of 118 Howard St., Philadelphia,
Pa., when she found that Dr. King's New
Discovery had been discovered. She had
cared for a backache for many years
and had made life a burden. All other
remedies and doctors could give her no
help, but she said this Royal Cure—"It
is so simple and so easy to use, and
can now sleep soundly, something I can
scarcely remember doing before. I feel like
singing to praise God all day long. The
throat, chest or lungs. Price 50c
and \$1.00. Trial bottles free at J. S. Mc-
Keown's Drug Store; every bottle guaran-
teed."

That the 100 men have evidently
got a good deal against the ladies.
The latest scientific theory is that
tea-drinking causes cold feet. But
then it's likely the ladies will
care the dried ones at all events.
They will think to drink tea and
warm themselves in the small of
their husbands' backs.

That figure isn't lie, but some peo-
ple who talk about them sometimes do.
Sir W. Laurier promised to
cut down expenses by from three
to five million dollars. The Hon-
orable gentleman's promise have not
been put up with. He has raised
the expenditure by nearly five
million. His wife wouldn't let
a little thing like the truth
stand in the way when he wanted
to make a hit.

CRASHED TO DEATH.

Fatal Accident at the Grand
Trunk Yard This
Morning.

Brakeman Slipped and Was Caught
Between Cars—Died at Noon.

An accident occurred at the Grand
Trunk Railway yard here this morn-
ing, which, sad to relate, resulted in
the death of a young man, an em-
ployee of the road. At a few min-
utes after 9 o'clock a freight train
was being made up here for the pur-
pose of proceeding westward. Amongst
the employees working among the cars
was Wellington Secor, a brakeman
on the road. He was engaged in cou-
pling two cars which were on the sec-
ond track a short distance east of the
station building. While performing his
duties, he stepped upon a pile of snow,
beneath which was a quantity of ice,
which he was unable to perceive. In
making a step between the cars to
adjust the coupling pin, the unfor-
tunate man slipped upon the treacher-
ous ice and as he did so the cars
came together, the buffers nipping
him between the heart and shoulders,
crushing him frightfully internally.
One of the draw bars penetrated his
clothing and chest, making an ugly
wound.

The poor fellow was as quickly as
possible removed from his perilous po-
sition and tenderly carried into the
waiting room.

A physician from the city was soon
upon the scene and the ambulance was
also called out. It was apparent that
his injuries were of such a nature
that they would prove fatal, and his
removal to the hospital was abandoned.
He was made as comfortable as
possible and everything done to al-
leviate his sufferings.

About noon the end came. A sister,
who resides at Colborne, was beside
him when he died.

Secor was about 22 years of age and
his home was at Scarborough, where his
widowed mother resides. For three
years he had been a faithful employe
of the road and was a general fa-
vorite with those who knew him. His
untimely death is to be sincerely re-
gretted, but the accident was one
which could not have been avoided.

The remains were this afternoon
sent to his late home.

One Dollar Trousers.

One dollar is not an exorbitant price to-
day for a good heavy pair of all-wool Hal-
fax lined trousers. That is the price we
are now asking for such a line of pants.
All sizes from 32 to 42.—Quick & Ros-
sington.

Compliments for "Billy."

Napoleon Star: Ounor "Billy" Pon-
son arrived in town on Saturday night,
and remained until Sunday night. He
was kept busy hiding his numerous
friends good bye before taking his de-
parture for the second time in the city.
South Africa. As Billy walked down
street with his battery uniform on, many
were heard to remark, "he was the finest
looking specimen of a soldier they had
ever seen."

It Will be a Great Event.

On Tuesday evening, 30th inst.,
our citizens—as many as can crowd in-
to the opera house—will have an op-
portunity of taking part in an event
unlike any in its history. On that even-
ing nearly one hundred and fifty men
in the early attire of revolutionaries,
shoulder their rifles and marched to
the frontier to defend our shores will
receive at last some recognition of
their services in the form of medals.
The Veterans' Association last
night adopted a programme for the
30th, which if carried out will make
that date one that will for ever be
remembered in memory's most treasured
pages.

Week of Prayer Service.

Despite the rough weather last
evening there was a good attendance
at prayer service at the Baptist
church. The subject spoken upon was
"Thanksgiving and Missions." The
speakers were, Rev. Dr. Galbraith,
secretary of the Y.M.C.A. The
singing by the union choir was ap-
propriate to the occasion. Mr. C. F.
Hilton, President of the local Ev-
angelical Alliance occupied the chair.

THE FIRST DAY

Of our WHITE GOODS SALE was a great success, as we
anticipated it would be.

Our customers appreciate the fact that they are buy-
ing well made white undergarments at a much lower price
than they have ever done before, and this notwithstanding the
fact that there has been a marked advance in the price of
Cottons. It is only because we had made preparations for
this sale long ago, before the advance in prices, that we are
able to sell at these prices. As we have advice that these
lines cannot be repeated at old prices, we advise you to lay in
a good supply for some time to come. As we anticipated the
the higher prices, we bought liberally, and have a fine stock
to select from.

Some of our customers got the idea that this sale was for Thursday only. This is a
mistake, as Thursday was only the opening day. These prices will continue right through
January or as long as the different lines last.

Afternoon Despatches.

The Intelligencer's afternoon despatches are twelve hours in advance of the Toronto morning papers.

Censorship is Very Strict

Not a Solitary Word Comes Through About Buller's Operations.

British Guns Played Havoc at Ladysmith—Colonials Have Another Brush With the Boers.

(OTHER DESPATCHES ON INSIDE PAGES.)

COLONIALS ARE FIGHTING.

Bombard Cape Colony, Jan. 15.—The Boers this morning attempted to rush a hill held by a company of Yorks and New Zealanders, but were repulsed at the point of the bayonet. The Boers had 21 men killed and fifty wounded.

NOT A WORD CAN PASS THE CENSOR.

The complete absence of news from Natal up to this hour proves that the censorship will allow nothing to pass until Gen. Buller's plans shall have been executed or have failed. Even Gen. Buller in his report of yesterday evening refrained from mentioning a word about Natal or Gen. Buller.

From other columns there is little news of moment.

LONG RANGE FIRING.

Modder River advice of yesterday only report daily long range shelling from which the Boers are supposed to have suffered severely.

A despatch from Stellenbosch, dated Monday, Jan. 15th, reports that Gen. Gatacre's troops made a demonstration beyond Mollens in the direction of Stormberg in the belief that the Boers intended to seize Mollens. The burghers were not sighted and the British remained at Mollens.

GEN. FRENCH STILL SHELLING THE BOERS.

Arrivals from Stormberg estimate that there were 500 Boers at that place mostly revolved colonists and Free Staters. President Steyn's brother is the Landrost. Gen. French continues to shell the

THE WAR SUMMARY.

No further news has been received regarding Gen. Buller's movements for the relief of Ladysmith.

A rumor spread abroad yesterday that the British had met with another reverse happily has no foundation.

According to Boer reports, Mafeking was still holding out on the 15th inst.

British forces have established a permanent post at Zoutspan Drift, in the Orange Free State, north of the Orange River.

Major-General Gatacre's position is unchanged.

Major-General French's forces are still engaged in constant skirmishes with the enemy around Coleberg.

The Rev. gentleman was attired in Indian costume and his description of the manners, etc. of the Indians whom he is working with, was very interesting.

A goodly sum was raised for missionary purposes.

MR. FLINT OBJECTS

To the Mutilation of Shakespeare's Divine Comedy Last Night.

To the Editor of The Intelligencer.

My Dear Sir,—I think all were greatly pleased with the presentation of "The Merchant of Venice." I cannot understand, however, why one of the most beautiful passages to be found in Shakespeare's works was eliminated. While the play is still fresh in the minds of those who witnessed it, I beg leave to re-produce the passage:

My friend Stephano, signify I pray you within the house

Your mistress is at hand:

And bring your music forth into the air.

How sweet the moonlight sleeps upon this bank:

Here will we sit and let the sounds of music

Cressid here; here, soft and stillness, and the night

Become the touches of sweet harmony. Sit, Jessica: Look how the floor of heaven

Is thick inlaid with patterns of bright gold!

There's not a smallest orb which thou behold'st

But in his motion like an angel sings, still quering to the young-eyed cherubims:

Such harmony is in immortal souls; But while this muddy vessel of decay

Doth grossly close it in, we cannot hear it.

I am yours, J. B. FLINT.

Canada's Second Contingent.

Our readers will be glad to hear that the "Family Herald and Weekly Star," of Montreal, have, with their usual enterprise, completed arrangements to have a special correspondent to chronicle the work of the second contingent of Canadian troops. The "Family Herald" war news service is certainly away ahead of anything on this continent.

The "Family Herald" subscribers are kept well posted in War affairs. The interest in South African affairs is growing daily. And we have here in the perfect scramble to get on the "Family Herald" subscription lists.

WHAT PEOPLE ARE SAYING

That many people in this vicinity are like Buller, they're ready to move—rather than pay rent.

That the woman who paints her cheeks and the man who dyes his whiskers fool only one person.

That if people would compare the Belleville papers of last night they could not help seeing which one gives its readers the news.

That the Belleville Cemetery Company seems to be prospering, and yet it is more of a panting than a growing time for their business.

That the more news we get the more we realize that the British soldiers in Africa are up against a hard combination. Religious fanatics who are kept full of gin are hard people to beat.

That a good many Liberal newspapers are showing their loyalty by abusing that poor little Religious Weekly in Quebec which made treasonable utterances, but none of them dared say a word about Tertre's paper.—La Patrie.

That after the letter which appeared in yesterday's Intelligencer it is easy to see why the Boers ran away when they saw Col. Picher and his gallant band of Colonials. The boys looked so fierce with a couple of months' beard on that the Boers thought their division was the better part of valor.

That many changes have taken place in the old Fifteenth since it was organized thirty-seven years ago today, and many stalwarts who have served in its ranks have borne themselves bravely on well-earned fields. Success to Belleville's Battalion, and may the "feast of reason and the flow of soul" at the smoking concert to-night mark another bright event in their history.

That the people who give utterance to treasonable remarks shouldn't get so righteously indignant when their minds are commented on. The Intelligencer was honored with a visit from an individual this morning who complained that an article injurious to his reputation had appeared in this column.

"Has your name ever appeared?" asked the newspaper man.

"No," said the visitor.

"Very well," said the scribe, "when it does you can ask for an explanation. In the meantime get out."

"All right," said the visitor. "I'd just as soon stay on 'em," said the scribe.

"I'd rather you would," said the scribe.

Blammar's Iron Nerve

Afternoon Despatches.

THE INTELLIGENCER'S afternoon despatches are twelve hours in advance of the Toronto morning papers.

Many Wild Rumors Afloat

A Stock Exchange Report in London that Ladysmith was Relieved

After an Engagement Lasting Eighteen Hours—Gen. Warren Reported Among the Slain.

(OTHER DESPATCHES ON INSIDE PAGES.)

London, Jan. 19.—There is a persistent rumor on the Stock Exchange that, after an engagement lasting eighteen hours, the Boers have been defeated and Ladysmith relieved.

General Warren is said to be among the slain. The War Office has heard the rumor, but has received no official confirmation. It would not be well to put much credence in the story.

SHELLING THE TRENCHES.

Spearman's Camp, Natal, Thursday, Jan. 18th, 8:25 p.m.—The Boer trenches have been persistently shelled by the naval guns all day long.

Small parties of Boers were seen at intervals, and a light force from the direction of Ladysmith was seen trekking toward the northwestern British position. A balloon did good service in observing.

THE WAR SUMMARY.

Many rumors are afloat in London, some of them announcing that Ladysmith had been relieved and Gen. Warren killed.

The War Office has heard the rumors, but has received nothing officially on the subject.

About the most that can be said is that Gen. Buller's plans seem to be carefully laid and that he is confident of success.

It was believed in London that the great battle could not be delayed beyond this morning.

Boys' Sweaters.

Twenty-five cents is the price we place on a new line of boys' cardinal and navy sweaters. At fifty, sixty-five and seventy-five cents we are offering a big range of fine all-wool sweaters with deep sailor collars.—Quick & Robertson.

ANOTHER GOOD HOUSE.

Greeted the Minstrel's Last Night at the Opera House.

There was a very fair audience present at the Carman last night to witness the second performance in aid of the Patriotic Fund.

Practically the same programme as that of the first night was given, with the exception of a drill by the High School Cadets, who, commanded by Sergeant Edgar Goss, performed some very creditable evolutions and were warmly received.

It is announced a matinee at popular prices, specially for ladies and children, will be given next Saturday afternoon.

The two entertainments have netted a grand sum for the fund, but Mr. Edgar Adams, we believe, stands to lose money. A good house on Saturday would insure him against financial loss. We hope he may get one.

The price will be 10c and 50c, and the children should have an opportunity of seeing the show, which will be given in its entirety.

O. H. A. Hockey Match.

Lindsay vs Belleville. At the rink, To-night, 8 p.m. sharp. The cup is in sight.—E. M. M. sharp.

The Mayor Pleased Them.

The Mayor's Review, in its report of the Daymen's Convention held in that village last week, says: Mayor Johnson, of Belleville, gave a stirring and patriotic address, in which he justly boasted of the wonderful canal and railway development of the Dominion, which exceeded that of any other nation in the world in proportion to population. He supported the Consumers' elevator syndicate in vigorous terms, holding that it would divert an immense grain traffic from Buffalo to Montreal and other Canadian ports.

Don't Be Frightened.

You need not be frightened at the treacherous and changeable weather if you are warmly clothed. It blows hot and cold by turns, there is no doubt about it, but if you are provided with one of Oak Hall's big warm ulsters, you need have no fear. Big bargains right now.

"If the Cap Fits, Wear It."

If you are suffering from the consequences of impure blood, have boils, pimples or eruptions on your face, or if you suffer from catarrh or rheumatism, you are the one who should take Hood's Sarsaparilla. It will cure you exactly, make your blood pure and cure scalp itching, scurf, rheumatism, dyspepsia, catarrh, and give you perfect health.

Hood's Pills cure all liver ills. Non-irritating.

NEWS BOYS WANTED.

A Mr. Marsh is retiring from the newspaper delivery business on Jan. 20th. The Intelligencer will, after that date go back to the old system of having the paper delivered by carrier boys. Boys wanted to canvass every street and ward in the City, hunt up their old customers and look for new ones. Boys report at this office. Delivery to commence January 22nd.

AN INTERESTING CASE.

Two Well-Known Citizens in Court To-day

A case of considerable interest was presented before the Police Magistrate to-day, in which two of our well known citizens were the defendants.

Mr. S. Burrows was accused of stealing a Dominion Express order of the value of \$19.94, the property of Mr. H. E. Jenkins, a commercial traveler, whose home is in Ottawa.

Mr. Burrows and Mr. H. C. Hunt were charged jointly with conspiring to pay the order, but Hunt is not charged with the charge.

The circumstances of the case are as follows: Some time ago Mr. Burrows obtained a judgment against H. E. Jenkins for about \$60. Yesterday the latter received a Dominion Express order for \$19.94, and went to Mr. Burrows' office (he being the agent here of the company) and presented the same for payment.

Mr. Hunt, it is alleged, not only refused to pay the order, but kept it, hence the laying of the charges.

Mr. P. J. M. Anderson, Crown Attorney, represented the Crown; Mr. W. P. McFadden, prosecutor for plaintiff, and Mr. W. J. Morden for the defendant.

After the proceedings had progressed as some length the afternoon the charge against Mr. Hunt was dismissed and argument was being heard as to the charge of the order against Mr. Burrows.

Case against Mr. Burrows dismissed.

A Fashionable Disease.

La Grippe is the most prevalent disease of the day, affecting nearly 25 per cent. of our people. Griffith's Balmol Liniment applied to the back and chest and a few doses taken internally is a positive and quick cure. It is pleasant to take and easy to apply, and will cure in a single night. Try it. All druggists, 50 cents.

Death of a Yeoman.

Mr. Donald McFarlane, a highly esteemed member of the 2nd concession of the township of Tyendinago, died yesterday. The deceased was upwards of 60 years of age and leaves a widow and family.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. See Dr. W. C. Greer's signature on each box.

WHAT PEOPLE ARE SAYING

That the High School Cadets are a warm lot of youngsters.

That Ladysmith won't be the only one relieved when it happens.

That we seem to have got out of the shadow and into the sunshine at last.

That the present war may safely be said to be one of surprises. The despatches say that Lord Dundonald surprised a number of Boers bathing. The correspondent forgot to say who was the most surprised—Dundonald or the Boers.

That the season ticklers at the skating rink are kicking. They say they will never get the worth of their money if the rink is closed every night there is a shock and there are two hockey matches during the week.

That they're all falling in line and giving practical proof of their loyalty. The latest is a hockey match between teams composed of pretty girls for the benefit of the Patriotic Fund, to be held at the rink next Saturday afternoon. A hurrah for the girls! They may not be able to play hockey very well, but bless your heart it's worth the whole price of admission just to look at 'em. Give them a good crowd.

DO YOU KNOW?

How many years it is since Belleville firemen had less to do!

Any city of its size in Canada (or anywhere else) has as many good public speakers as Belleville!

Which one of the Veterans will be the proudest when he gets his medal?

Why some of our clever sports don't get up an amateur team in aid of the Patriotic Fund!

Why some men are so proud to be seen carrying anything but a cane or a jag!

That all the Kaffirgrams don't come from Africa!

That good news are due to arrive very shortly!

That the man who looks after the town clock has got more excuse for profanity than anybody we know of!

That a certain Dr. newspaper in this city can supply people with more unreliable information than any sheet between here and the North Pole!

"Never quit certainty for hope."

Never take a medicine of doubtful value instead of Hood's Sarsaparilla which is sure to do you good.

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time, because, when left to itself, the forerunner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with marvelous rapidity, and does not delay, get a bottle of Bickel's Anti-Consumptive Syrup, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine promotes a free and easy expectoration, subdues the cough, breaks the diseased influence in curing consumption, and the disease of the throat and lungs. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickel's Anti-Consumptive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

Strange how much fatigue people can endure when they think they are having a good time.

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Electric Oil—a small quantity of this usually sufficient to cure a cough, head a sore, cold, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excruciating neuralgia, or inflamed breast.

Some folks never seem as anxious to get in public as they are when they are something the matter with them.

Cholera and all summer complaints are so quick in their action that the victims are often unaware that danger is near. It attacked do not delay in getting Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief and never fails to effect a cure.

Hard labor sticks to some men like a greasy spot on a pair of trousers.

A new broom may sweep clean, but it takes an old one to reach the dirt in the corners.

A man made happy—Gentlemen—For five years I have been a great sufferer with Dyspepsia; the pain in the pit of my stomach was almost unbearable and I had become a drug to me. When I would go to sleep I could have horrible dreams, and my life became very miserable, and I was no rest neither day or night. But with the use of only two bottles of Northrop & Lyman's Vegetable Discovery this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine, that are specially adapted for the cure of Dyspepsia. A lady customer of mine had Dyspepsia very bad, she could scarcely eat, and she suffered with indigestion, and she cured herself with two bottles of Northrop & Lyman's Vegetable Discovery. I wish you success with the medicine, as I am fully convinced that it will do you all claim for it. Signed, M. H. Marsh, General Merchandise.

War May Last
Six Months Yet

That is the Opinion of the High War
Office Officials.

Buller Keeps Steadily Advancing, and the Boers are Stub-
bornly Contesting Every Foot of Ground—War Office
Looks for Early Relief of Ladysmith.

(OTHER DESPATCHES ON INSIDE PAGES.)

TRYING THEIR OLD GAME.

London, Jan. 22, 2:30 p.m.—Nothing
has been received thus far today to
indicate that any conclusive result has
been reached by the British forces in
the region of the upper Tugela, and
the lack of information regarding
what men and ammunition the Boers
have in reserve prevents accurate de-
termination of the measure of general
success attending the two days' hard
fighting.

All that can be said is that the British
seem to be doggedly advancing in
the face of an equally stubborn resis-
tance. At the close of yesterday's
fighting the Republicans had merely
evacuated their first line of defence,
and taken up another semi-circular posi-
tion a short distance in the rear, re-
telling the old burghers rose by which
the Boers have previously managed
to entice the British into fatal
traps.

ONLY A MATTER OF A SHORT
TIME.

London, Jan. 22.—Though there is
considerable anxiety as to the im-
mediate result of Gen. Buller's move
toward Ladysmith, which later develop-
ments indicate was undertaken in-
dependent of Field Marshal Lord Rob-
erts, the War Office has now come to
the conclusion that the relief of Lad-
ysmith is only a matter of a short
time.

KIMBERLEY NEXT.

According to the War Office offi-
cials, a dash to the relief of Kim-
berley will quickly follow the relief
of Ladysmith, and then will come the
task of organisation and perhaps
three or four months will elapse be-
fore the columns or columns will have
the transport service in proper shape
to advance with the certainty of meet-
ing with an serious reverse. The
latter conditions are held by the au-
thorities to be absolutely essential be-
fore any forward movement toward
the invasion of the Transvaal is be-
gun, hence there is small probability

THE WAR SUMMARY.

Gen. Buller reports that portions of
his force north of the Tugela River
were engaged all day Saturday and
Sunday and captured several of the
enemy's positions. The
brunt of the fighting fell upon
Major-General Warren's force, advancing
towards Ladysmith from the neigh-
bourhood of Action House.
Major-General Lytton's brigade kept the
Boers near Potgieter's Drift in
their trenches in order to prevent their
whole force concentrating against
Warren.

The only details to hand regarding
British losses show that ten officers
and 270 men were wounded in the
fighting on Saturday and that one
officer died from wounds.

The report that Col. Plumer is ad-
vancing from Fort Tuli, Rhodesia,
to the relief of Mafeking is now con-
firmed. Reports from Mafeking state that
there is food enough for three
months.

A later despatch quotes the corres-
pondent of the London Daily Tele-
graph as saying that in Saturday's
fighting Major-General Warren cap-
tured the key to the last position, and
that the enemy lost heavily.

Col. Plumer has beaten a Boer patrol
at Gaborone.

CHARACTERISTIC LETTER

From That Broth of a Boy, Sergt. John
McNair - The Greatest Cold Cure
Ever Invented.

Sergeant John McNair's letters have
been the most of originality. He writes a
good deal in a few terse sentences.
This is the latest from him, and was
received by Mr. Wm. Johnson on Sat-
urday night:

Belmont, South Africa, Dec. 16.
Dear Mr. Johnson.—A pleasant sur-
prise was the receipt of your paper this
a.m. It is now 10.20 a.m. and I doubt
if the people of Belleville are out of
bed yet. There is one thing I am cer-
tain about, and that is, I am not
much as we are from heat. Our trip
so far is not what we anticipated.
Since we landed we got lots of hard
work, starvation trip and no fight-
ing. I assure you this trip is the great-
est Cold Cure ever invented. You can't
get a glass of beer or a drink of whis-
key for a farm. Some of the old
guys suffer considerably. Our gallant
officers fare better, but I must be
mum for the present, as it is quite
probable this letter may be read be-
fore leaving camp. The Canadians, I
may say, are all alone here. Colonel
Otter is the chief. You know all about
the ocean voyage from news-
paper reports, so I will keep clear of
that. The boys are on board, and
when four days out. It struck me as
a very odd affair then. Well, it was,
but since then I have seen several
funerals which didn't affect me in the
least; men that were wounded on the
field where I am now writing. We had
the misfortune to lose one of our
men yesterday—a young fellow from
Montreal, N.B., he died in the fam-
ily hospital. He was in the fam-
ily hospital—battled in the fam-
ily hospital. His comrades erected a rough
monument over him with his name en-
graved on it. The Belleville boys are
all well, look a little rough at pres-
ent with a month's beard on their
faces. Walter Mills wishes to be es-
pecially remembered to you. I have
not a number of former members of
Mr. O'Flynn's Sunday School Class in
the contingent, they are from Ontar-
io, Quebec, British Columbia, Scot-
land and New Brunswick. They all
want to be remembered to you and
ask you to keep them in mind. I like
H. J. Graham's canned goods; they are
all over the world. You can always
find lots of the boys around the
Y.M.C.A. tent. We have a good
M.C.A. secretary here. He is a fine
fellow; does everything he can for the
boys, and they all love him. I don't
look after our mail for us. Our
chaplains never bother themselves
with descriptions of South Africa, but
for I am afraid I could not say much
for it. One of our Stoney Lonesome
is worth more than half of Cape Col-
ony. We are eight miles from the
Australians' camp; we have met them
twice, they like us and we them. The
British troops almost make gods of
us. Ostriches all around our camp.
Water bad and very scarce. Each
man is allowed three pints a day,
which includes for coffee and for
washing in.

THE DUKES OF TECK IS DEAD.

London, Jan. 22.—The death of the
Duke of Teck occurred at 5.15 Sunday
evening. The Duke died of pneumonia
after an illness of several days.

HARD WORK, THIS.

Spearman's Camp, Natal, Jan. 22, 9.30
a.m.—Early on Sunday morning Gen.
Warren commenced a flanking move-
ment on the extreme left of the Brit-
ish position. The artillery advanced
at five this morning along the irregu-
lar Fabanyama Mountain, which ends
at Spieskop. The artillery occupied
positions behind on the plain. The Brit-
ish carefully worked along the hills
in which the Boers had their main
commanding position, and the Boers
were concealed behind immense but-
tresses above the hill. The
artillery opened the attack. Batteries
worked continuously, pouring tons of
shrapnel among the Boers, who di-
rected their attention to
firing on the British infantry.

London, Jan. 22.—The death of the
Duke of Teck occurred at 5.15 Sunday
evening. The Duke died of pneumonia
after an illness of several days.

HARD WORK, THIS.

Spearman's Camp, Natal, Jan. 22, 9.30
a.m.—Early on Sunday morning Gen.
Warren commenced a flanking move-
ment on the extreme left of the Brit-
ish position. The artillery advanced
at five this morning along the irregu-
lar Fabanyama Mountain, which ends
at Spieskop. The artillery occupied
positions behind on the plain. The Brit-
ish carefully worked along the hills
in which the Boers had their main
commanding position, and the Boers
were concealed behind immense but-
tresses above the hill. The
artillery opened the attack. Batteries
worked continuously, pouring tons of
shrapnel among the Boers, who di-
rected their attention to
firing on the British infantry.

they jump at conclusions and spread
reports which have no foundation in
fact. A report was current in the
city yesterday that the Canadian

It was undoubtedly some who

It is worse than madness to neglect a cough or cold which is easily subdued if taken in time becomes, when left to itself, the forerunner of consumption and premature death. Inflammation, when it attacks the delicate tissue of the lungs and bronchial tubes, travels with surprising rapidity; then, do not delay, get a bottle of **Hick's Anti-Consumptive Syrup**, the medicine that grasps this formidable foe of the human body, and drives it from the system. This medicine produces a free and easy expectoration, soothes the cough, heats the blood, and exerts a most wonderful influence in curing consumption and other diseases of the throat and lungs. If parents wish to save the lives of their children, and themselves, let them procure a bottle of **Hick's Anti-Consumptive Syrup**, and whenever a child has taken cold, has a cough or cold, or a sore throat, give the Syrup according to directions.

Strange how most fatigue people endure when they think they are having a good time.

Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Eucalypti Syrup, the efficacy of which usually suffices to cure a cough, heat a sore, cut, bruise or sprain, relieve a cold, headache, neuralgia, excoriated nipples, or inflamed breast.

Some folks never seem as anxious to get out in public as when they have something the matter with them.

Cholera and all summer complaints are so quick that action must be taken before the hand of death is upon the victim before they are aware that danger is at hand. Do not delay in getting good medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Hard luck sticks to some men like a grease spot on a pair of new trousers.

The last great war of the world, that between Russia and Turkey, cost altogether \$190,000,000.

180,000 of which Russia paid \$100,000,000 and the other \$90,000,000.

Abnormal enthusiasm too often passes for great executive ability.

A Man Made Happy—Gentlemen—

After five years I have been a great sufferer with Dyspepsia; the pain in my stomach was almost unbearable, and I was almost a drag to me. When I would go to sleep I would have horrible dreams, and my life would be very miserable, as there was no rest neither day or night. But with the use of only two bottles of **Northrop & Lyman's Vegetable Discovery** this unhappy state has been changed and I am a well man. I can assure you my case was a bad one, and I am sure that this is the means of convincing others of the wonderful curative qualities possessed by this medicine, that is specially adapted for the cure of Dyspepsia. A lady customer of mine had the dyspepsia very bad, she could eat nothing, and was troubled with pains similar to those I suffered with; and she cured herself with two bottles of **Northrop & Lyman's Vegetable Discovery**. I wish you success with your case, as I am fully convinced that it will do all you claim for it. Signed, Melville H. Marsh, General Merchant.

Carefully Prepared Pill. Much time and attention were expended in the experimenting with the ingredients that enter into the composition of **Farmalee's Vegetable Pills**, but it will do all you claim for it. Signed, Melville H. Marsh, General Merchant.

TO OUT BOER FORCES IN TWO

Gen. Buller Will Assault Spion's Kop in the Dead of Night.

Kenny Is Estimated Only 1,400 Yards to Front of Blin, and Spion's Kop Commands All the Near Entrance.

Gen. Buller's Plan to Attack the Boers is Expected to be Carried Out in the Night.

London, Jan. 24. (440 a.m.)—Gen. Buller's turning movement, of which so much had been expected, has come to a standstill. The carefully worked message to the War Office telling this after a silence of two days reads like an apology or an explanation.

Warren Holds the Ridge, but the Boers' positions are higher. The British artillery are playing on the Boer position and the Boers are replying. The British Infantry is separated by only 1,400 yards from the enemy, but an approach to the Boer position would be a bare exposure of the British to a fatal rifle fire.

An Assault by Night. Gen. Buller's plans have reached their development. He declines to attack the Boers in the day, but he is determined to assault the Boers in the night. This appears to be the key to the Boer defence. If he takes it, and "Pawley's Prescription" is carried out, an important and possibly a decisive step will be accomplished.

War Office Keeps News. It seems that the Boers' despatch reached the War Office rather early in the night and was the subject of a prolonged conference between Lord Lansdowne, Mr. Balfour and several staff officials. A determination appears to have been reached not to give the Boers the advantage of a night attack, but towards 2 a.m. copies of the despatch were made for distribution among the various offices. These arrived too late for extended comment.

The Morning Post and The Standard touch lightly upon the unpleasant features of the despatch and take hope from the projected night attack, but all things considered, the despatch looks like preparation for worse news.

Parliament at Hand. The Cabinet had been hoping for one of the Boers' despatches, and the country and to command generous support for fresh revenue measures. Among these will be probably an increase of the income tax, a shift in the pound, but this would only provide the cost of five weeks' hostilities. The duties on tobacco, alcohol, leather and coffee will likely be raised. The Cabinet will meet at the end of the week and discuss the situation.

GENERAL MANAGER BEST.

The Gentlemen's Promotion by the Typographic Company.

(From The Windsor Daily Record.) At a meeting of the directors of the Canadian Typographic Company to-day, S. H. Best was chosen general manager to replace F. S. Evans, lately appointed general manager of the National Cycle and Automobile Co. at Toronto. Mr. Best's choice is due to intimate knowledge of the company's business, acquired by ten years' contact with the public from person to person, during which time he has made the acquaintance of every newspaper publisher within those bounds.

Mr. Best will no doubt fill the high expectations entertained by the company.

BACK AND CHURCH CITY

The Globe and those who echo its sentiments are constantly charging the Conservative press with raising the hue and cry over the fact, that mode of political warfare is the sole stock in trade of the Conservative party. That is, in fact, the whole weight and influence of both Dominion and local governments were thrown into the scale to crush out of existence an honest expression of public opinion.

The riding was besieged and the electors bombarded by the Premier, Sir Wilfrid; that man who declared that elections cannot be carried by prayers—Tarte; the Finance Minister, Mr. Fleming; that paragon of a prohibitionist, Sidney Fisher, with kegs of whiskey galore; the Minister of Customs, Hon. Wm. Patterson, the Grand River rover; Sir John Dufferin, the Provincial Secretary of Quebec, and a host of smaller fry, with it, today and openly stated, \$25,000 for their disposal, to cover of course legal expenses. With such influences at work, a victory of the Conservative candidate at a by-election would have surprised no one. The electors, however, refused to be debauched and the Conservative won.

THE INVASION ARMY.

In brief, here is the Ministerial brigade, who invaded Sherbrooke and got routed:

Mr. J. Israel Tarte, Minister of Public Works.

Sir Wilfrid Laurier, Premier.

Mr. W. S. Fielding, Minister of Finance.

Mr. Sidney Fisher, Minister of Agriculture.

Mr. Wm. Patterson, Minister of Customs.

Mr. Duffie, Quebec, Provincial Secretary.

These were followed by a multitude of lesser lights, but new Liberalism could make no headway. It is dying.

WINNIPEG.

The election of Mr. Martin for the City of Winnipeg, is an indication of how the political wind is blowing in the West. Mr. Martin, though a Liberal, is not a Siftonite. He, like the member for Lingar, has been kicking like a young steer against Sifton and the Government on account of their violated promises and extravagance.

So far was the opposition carried, that Martin was deposed from the Presidency of the Liberal Club of Winnipeg, and the Sifton organ, the Free Press, denounced him as a Tory.

So that in this election Sir Wilfrid will not extract much honor from the Winnipeg member.

LOTBINIERE.

This county, which has returned Liberal members since Confederation, has just defeated the Ministerial candidate, and elected an Independent though other means than "prayer" was resorted to to secure the election of an outcast.

Everything looks well for the future.

A LOVING COUPLE.

A telegram of the 16th inst from Winnipeg says:

There is a serious row in the Ministerial ranks, and Hon. Clifford Sifton and Hon. Thomas Greenway are now on the street with a stone glare.

It appears that on the return of Mr. Greenway to the city after the campaign in Manitoba, and in conversation with the Minister of the Interior at the Legislative Building, the Premier blurted out the words, "You Sifton and his friends for the defeat of the Government."

Mr. Sifton resented this and the conversation became recriminatory. It is said that both gentlemen lost control of their tempers, and friends present had to interfere to prevent the row from becoming a scrimmage.

Let us hope that in this case the old adage may prove true that when a certain class of people fall out, honest men get their due.

YESTERDAY'S ELECTIONS.

SHERBROOKE.

The election of the Hon. Mr. McShane, though by a smaller majority than that secured by the late Hon. Mr. Ivan, may be looked upon as a signal victory, when the means taken to defeat him.

The whole weight and influence of both Dominion and local governments were thrown into the scale to crush out of existence an honest expression of public opinion.

The riding was besieged and the electors bombarded by the Premier, Sir Wilfrid; that man who declared that elections cannot be carried by prayers—Tarte; the Finance Minister, Mr. Fleming; that paragon of a prohibitionist, Sidney Fisher, with kegs of whiskey galore; the Minister of Customs, Hon. Wm. Patterson, the Grand River rover; Sir John Dufferin, the Provincial Secretary of Quebec, and a host of smaller fry, with it, today and openly stated, \$25,000 for their disposal, to cover of course legal expenses. With such influences at work, a victory of the Conservative candidate at a by-election would have surprised no one. The electors, however, refused to be debauched and the Conservative won.

In brief, here is the Ministerial brigade, who invaded Sherbrooke and got routed:

Mr. J. Israel Tarte, Minister of Public Works.

Sir Wilfrid Laurier, Premier.

Mr. W. S. Fielding, Minister of Finance.

Mr. Sidney Fisher, Minister of Agriculture.

Mr. Wm. Patterson, Minister of Customs.

Mr. Duffie, Quebec, Provincial Secretary.

These were followed by a multitude of lesser lights, but new Liberalism could make no headway. It is dying.

WINNIPEG.

The election of Mr. Martin for the City of Winnipeg, is an indication of how the political wind is blowing in the West. Mr. Martin, though a Liberal, is not a Siftonite. He, like the member for Lingar, has been kicking like a young steer against Sifton and the Government on account of their violated promises and extravagance.

So far was the opposition carried, that Martin was deposed from the Presidency of the Liberal Club of Winnipeg, and the Sifton organ, the Free Press, denounced him as a Tory.

So that in this election Sir Wilfrid will not extract much honor from the Winnipeg member.

LOTBINIERE.

This county, which has returned Liberal members since Confederation, has just defeated the Ministerial candidate, and elected an Independent though other means than "prayer" was resorted to to secure the election of an outcast.

Everything looks well for the future.

A LOVING COUPLE.

A telegram of the 16th inst from Winnipeg says:

There is a serious row in the Ministerial ranks, and Hon. Clifford Sifton and Hon. Thomas Greenway are now on the street with a stone glare.

It appears that on the return of Mr. Greenway to the city after the campaign in Manitoba, and in conversation with the Minister of the Interior at the Legislative Building, the Premier blurted out the words, "You Sifton and his friends for the defeat of the Government."

Mr. Sifton resented this and the conversation became recriminatory. It is said that both gentlemen lost control of their tempers, and friends present had to interfere to prevent the row from becoming a scrimmage.

Let us hope that in this case the old adage may prove true that when a certain class of people fall out, honest men get their due.

IS DEAD WAS CRUSHED.

Archie, Car Engineer, Was Killed at Brooklyn.

Brooklyn, Oct. 30. —Andrew Lee, a car engineer, employed at the trunk shop, was accidentally killed while at work on Saturday morning. He was starting a freight car when a bucked a number of cars on the track where he was working. He did not have time to get out of the way and was crushed between the two dead ends. He was of age, and unmarried.

His request was held for a week, and he died in a vertebral aneurism death, due to not obeying the Railway Company's instructions to place the car in the yard. The Railway

much nearly determined to go to the hospital, but he was so badly hurt that he could not get up. He was taken to the hospital, but he died there.

He was a native of New York, and was a member of the Brotherhood of Locomotive Engineers.

His funeral will be held at the Brooklyn Hebrew cemetery, on Monday, at 10 o'clock.

He was 35 years of age.

## THE BOYS OF THE OLD BRIGADE

Got Their Medals Last Night Amid Great Enthusiasm.

A Large Audience Present—Patriotic Songs and Tableau—Beautiful Decorations and Entertaining Music.

(SEE ALSO PAGE TWO.)  
All classes of society were well represented at the patriotic concert last night, for patriotism among Canadians is not confined to any class or creed; we all feel its ennobling influence. Never a true man so rich that it is beneath him or so poor that it is above him.

The Belleville Veterans of 1866 Society did itself proud last night in more ways than one, and their efforts were ably seconded by the citizens of Belleville, who turned out in masses to cheer for the brave old boys who so gallantly left home and dear ones thirty-four years ago to repel the Fenians. It is not going wide of the mark to say that last night was one of the greatest patriotic occasions ever known in this part of Canada, and when the Veterans gathered on the stage to receive from the hands of Her Majesty's accredited representative the little piece of silver which exemplified a nation's thanks for honorable deeds bravely done, the scene was a thrilling and memorable one. But the presentation of the medals was not the only praiseworthy object in view last night. The proceeds of the entertainment were to be devoted towards a noble object—the raising of the lives of the Belleville boys now at or going to the front. No better object could have been chosen, and no heartier response could have been made. The mothers, fathers, and sisters of the boys were there, and it was an intensely loyal and enthusiastic audience which waited patiently for the performance to begin. The opera house was beautifully decorated with flags and bunting. The fair hands of many young ladies had helped to make the stage and auditorium a veritable beauty spot. High up above the stage hung a picture of Her Most Gracious Majesty; silver banners and streamers waved from the boxes and sides of the stage, and in the upper boxes sat children with Union Jacks, who waved them triumphantly while the patriotic songs were being sung. The front rows of the house were reserved for the Veterans, and about half-past eight the strains of the band and the tramp of feet told that they were coming. All eyes turned to the door as the strains of "The British Grenadiers," came echoing through the house, and the 15th Battalion Band marched down the main aisle to the stage. Following them came the guard of honor, commanded by Lieut. Marsh, whose stalwart form was clothed in khaki. The guard faced forwards, and presented arms and saluted through the band, the red coats, came the old Veterans, "Tramp, Tramp, Tramp," the old boys were marching. The relentless hand of time has wrought many changes in them since the gentle saphyrs at Prescott and Amherstburg were young men, but their hearts are as true as ever. They were marching. The soldiers marched back and took their positions around the walls of the theatre, and the scene was a picturesque one. The programme was then proceeded with. The National Anthem was beautifully sung by Mrs. Grant, Misses de Guerre, Caswell, Watson and Brown, Messrs. Burrows, Vermilyea, Brenton, Milburn and others.

The band played, in stirring style, "Soldiers of the Queen." Next followed a tableau, "What we have hold," being a scene nearly like the now famous picture, which was well received.

Mr. Frank Brenton sang, in good style, "Rule Britannia." Next came a Soldiers' drill, by the High School Cadets, which was excellently done. In their native picture, and they sang with a fervor and easy dash and precision very pleasant to see.

Mr. Milburn sang "The British Lion," and the audience applauded him heartily.

The next number was Kingpin's "Remembrance," a setting by De Koven, and it was most excellently rendered by Misses de Guerre, Caswell, Watson and Brown, Messrs. Burrows, Vermilyea, Brenton, Milburn and others.

Mr. J. S. McMurray received well merited applause for his eulphonic solo.

The next number was a tableau, "The Dying Soldier's Last Request," representing a dying soldier with a Red Cross nurse bending over him.

The Fifteenth's Drum and Bugle Band then gave a march and drill, and then before Eugenie Gerow blew the "Retreat."

who are so fond of saying to get away from Belleville would only get up and go, what great good medicine it would be for those who are willing to stay here and conduct business on legitimate lines. Trade conditions are once more becoming an even tenor, and the deceptive term "Flea-baiting" is a thing of the past. The "self-styled" big trading centers in the city, and all the rest of it, who only knew how to turn out their wares at a price lower than that of even the "HALF PRICE" King himself.
